## Planting Wolves

A writer in a purgatory bar, an art collecting housewife who time travels, a movie Production Assistant with stigmata, a codependent AA sponsor, a sex addict, a movie star with issues, a two-time liver transplant recipient and an abusive TV costumer who gets what's coming to her. All connected to one another but completely and utterly alone.

**Neda Disney's** first book will appeal to lovers of Bruce Wagner's *I'm Losing You*, Dennis Johnson's *Jesus's Son*, and Jerry Stahl's *Permanent Midnight*.
